2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Our school sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program as well as to provide all students have a textbook and/ or workbook they can take home as needed in the four core areas. All textbooks and instructional materials used within the school are aligned with the California State Content Standards and Frameworks. We follow the seven-year cycle for each content area on State Instructional Materials Adoption Cycle.

Our current curriculum adoptions are as follows:

- * Reading/Language Arts, 2014/15 adoptions
- * Mathematics, 2015 adoption
- * Science, 20016 adoption
- * History-Social Science, 2018 adoption
- * Health, 2019 (based on Developing Framework)
- * Physical Education courses aligned to Standards adopted in 2004

A committee consisting of teachers establishes textbook selection criteria based on the California Frameworks and content standards, reviews instructional materials on the state list, and makes recommendations. Textbook publishers are selected and then piloted by teachers. Recommendations are made and materials are selected for adoption. Those materials are made available for public review at the district office.

Other Resources: The school's library has numerous educational and recreational books that are available for students to check out. Each student in grades TK through 8 have an individually assigned laptop with access to high speed, broadband, internet service.

School Facility Conditions and Planned Improvements

Our school facility was inspected in January 2020 by Darrell Williamson and Matthew Dustan, receiving a good rating using the California Facility Inspection Tool. Upgrades/repairs are scheduled to be completed in a timely manner. A new roof was completed the summer of 2015 and was inspected and in excellent repair December 2016. These findings will be discussed with the Safety Team in February 2020.

Montague Elementary School employs a maintenance and operations person who oversees the safety, cleanliness, and adequacy of school facilities. Montague Elementary School also employs a .5 FTE custodian to make sure the school is clean, safe and in good operation.

The Maintenance and Operations Manager inspects the buildings and grounds and meets with the maintenance staff, custodians, and cooks on a monthly basis to make sure everything is working correctly and the classroom, bathrooms, cafeteria and all other parts of the school are being cleaned properly. Continuous work is being completed on school site to maintain safety. New blacktop in parking lot and playground was completed during summer of 2021. Modernization Plan has been approved by CDE and OSPC and is awaiting state funding.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent involvement opportunities exist at virtually every level of the school. Parents are encouraged to attend parent conferences, athletic events, performances, and field trips throughout the year. Progress reports and trimester grade reports are mailed home and parent conferences are held once per year, and on an as needed basis. Parent representatives are elected to the serve on the School Site Council (SSC). The SSC meets each month and provides feedback to parents. In addition the Title I program holds annual parent informational meetings and conferences sponsored by the Siskiyou County Office of Education to keep parents informed of opportunities and developments within these programs. We also have an active PTO that raises funds to help support student activities. Parent Involvement is essential to the success of our students. Please contact Jennifer Dooley, school secretary, for information 530-459-3001.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

A safe and clean environment is provided for students, staff and volunteers. Our custodians ensure classrooms, restrooms and campus grounds are kept clean and safe and to ensure that all classrooms and facilities are well maintained. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The schools disaster preparedness plan includes steps for ensuring students and staff are safe during a disaster. Fire, lockdown, and disaster drills are conducted monthly throughout the school year. The school safety plan is reviewed often and updated as needed.

The Comprehensive School Safety Plan is reviewed and updated annually in January. It can be found posted publicly at www.montagueschools.net

Professional Development

Professional development is an intentional process that gives teachers the ability to analyze the effectiveness of what they do, reflect on current practices while making adaptations when things are not going well in the classroom. Teachers will continue to learn and improve, just as students do. Staff members build teaching skills by participating in conferences, courses, workshops and professional learning communities throughout the year and then sharing their experiences and knowledge with their colleagues. There are 3 Professional Development (PD) Days included in the teacher contract each year. Teachers are encouraged to attend PD during the summer as well and are provided funding to do so. The following topics were discussed:

- Reading Language Arts
- Math
- Writing
- * Common Core State Standards
- * Discipline
- * Intervention
- * Professional Learning Communities
- * Technology

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
